

<p><b>Pikotek™</b></p> <p>Australia</p>	<p>This is an innovative product in dermatology using advanced science and technology.</p>		
<p><b>Liposomal Anti-Aging &amp; Antioxidant Cream</b></p> <p>Sustained Release Technology Provides long-lasting effect; Penetrates into the skin Helps reduce the visible signs of ageing.</p> <p>50 mL</p>	<p>Liposomal formulation of this cream helps in the prevention and treatment of facial skin with signs of aging. Liposomes are used in this product to encapsulate, protect and deliver the active ingredients to the right place where they are most needed in the skin and provide a long-lasting effect. This cream effectively reduces dehydration of the skin and restores its normal balance, shallow expression lines and wrinkles. Complex of antioxidants protect the skin against free radicals and against antioxidant stress. Liposomal component manufactured using an environment-friendly, green technology proprietary procedure. US Patent: US20100239521-A1</p>	<p><b>Directions for use:</b> Apply daily, mornings and evenings onto cleansed skin. With your fingertips use a small amount to massage onto the face. Leave briefly to absorb and take effect. Do not rinse.</p> <p>Store in a cool, dry place, below 30° C.</p> <p>Australasian Nanoscience and Nanotechnology Initiative (ANNI) &amp; Smart Encapsulation Enterprises anni.com.au Email: info@anni.com.au <b>Made in Australia</b></p>	<p><b>Ingredients:</b> Water, Macadamia Ternifolia Seed Oil, Carthamus Tinctorius (Safflower) Seed Oil, Olive Oil Decyl Esters, Squalane, Cetearyl Alcohol, Glyceryl Oleate, Glyceryl Stearate, Olivoyl Hydrolyzed Wheat Protein, Sodium Acrylates Copolymer, Terminalia Ferdinandiana (Kakadu plum) Fruit Extract, Lecithin, Caprylic/Capric Triglycerides, Cyclopentasiloxane, Dimethiconol, Polyglutamic Acid, Hyaluronic Acid, Glycerin, Tocopherol, Cellulose Gum, Zinc Oxide, Benzoic Acid, Dehydroacetic Acid, Phenoxyethanol, Beta-Carotene, Fragrance.</p> <p>For best long term results daily care is required.</p>
